

Learn.Genetics

GENETIC SCIENCE LEARNING CENTER

needs your help to test the

Genes, Traits & Change Over Time

middle school curriculum unit

Fall 2022 or Spring 2023 semester

New unit integrates NGSS

- Core ideas: genetics, heredity, natural selection
- Science practices: models, explanations
- Crosscutting ideas: cause and effect

Compensation: \$400

What you'll do:

- Administer pre- and post-unit online tests to students
- Teach the 4-5 week unit as directed
- Submit student work for selected activities
- Complete an end-of-unit survey
